Alabama Securities Commission Recognized by Governor and State Auditor

Montgomery, AL (January 22, 2007) The Alabama Securities Commission (ASC) announced today that the Honorable Joseph. P. Borg, Director, received a Certificate of Commendation from the Honorable Bob Riley, Governor of Alabama and the Honorable Beth Chapman, Alabama State Auditor in recognition of the agency's most recent personal property audit. Annual property audits are required of every state agency by the Code of Alabama.

The Certificate of Commendation read, "In recognition of achieving a perfect Property Inventory Audit, you are hereby commended. The numerous duties of an agency property manager are physically and mentally demanding. While property managers may strive for excellent work, few maintain a perfect audit. Ms. Renee Sanders, your property manager, has displayed the ability to accomplish this goal which reflects her professional knowledge, competency and desire to succeed. On behalf of the citizens of the State of Alabama we commend you and Ms. Sanders and honor you for your distinguished service."

Director Borg added, "We appreciate this recognition from the Governor and State Auditor recognizing our stewardship of taxpayers' money. I want to acknowledge the fine work of our property manager, Renee Sanders, for her continued dedication and attention to detail and commend the ASC staff for taking care of and accounting for all assigned property.
