Alabama Joins in National "Facts on Saving and Investing" Investor Education Initiative.  
Governor Bentley signs Proclamation.

MONTGOMERY, ALABAMA (April 1, 2015) – Joseph Borg, Director of the Alabama Securities Commission, announced today that the Securities Commission is taking part in a national grass-roots investor education campaign to help provide investors with the information they need to make wise financial decisions and protect themselves from financial fraud.

Alabama Governor Robert Bentley signed a proclamation on March 26, 2015 declaring the month of April 2015 as ‘Facts on Saving and Investing Campaign Month.’ A photo of the proclamation will be posted on the ASC website along with other valuable information at www.asc.alabama.gov. The month-long investor education campaign, the ‘Facts on Saving and Investing Campaign,’ began as a joint effort of state and Canadian provincial securities regulators 17 years ago.

Borg said, “We are pleased once again to partner with members of the Alabama Jump$Start Coalition to visit schools and participate in media events to generate an awareness in all Alabama citizens to learn and apply proven savings and investment strategies. Effective management of income and assets will have a major impact on the quality of life today and tomorrow. The Commission and members of the Alabama Jump$start Coalition are also proud to provide a vast array of professionally-produced educational materials free of charge.”

“With recent difficult economic times, a turbulent stock market, longer life expectancies, and uncertain future of Social Security and pension plans, smart planning for retirement is more vital than ever,” said Borg. Financial education has never been more important. Investors need to understand the basics of saving and investing, know how to check out an investment or salesperson and how to protect themselves against possible fraud.”

“It is never too early, or too late, to start saving and investing for your future” said Borg, whose staff is available to visit high schools and colleges, make presentations to all types of organizations representing a wide cross-section of Alabama citizens, and conduct news media interviews. All these activities occur year round to educate Alabamians about topics such as investing, credit and fraud prevention. “Making smart financial choices – from using credit wisely to saving for retirement and avoiding fraud – is the best way to ensure you can meet your financial goals,” says Borg.

The Alabama Securities Commission enforces Alabama’s securities laws, licenses/registers brokers, firms, and securities products, provides background reports on financial professionals and promotes investor education and fraud prevention programs.
