TCI has advised the NASAA Working Group of its agreement to resolve the securities investigation pursuant to the terms specified in this Consent Order (the “Order”) and pursuant to the multistate resolution recommended by the NASAA Working Group;

Solely for the purpose of terminating the NASAA Working Group’s securities investigation and in settlement of the issues contained in this Order, TCI, without admitting or denying the findings of fact or conclusions of law contained herein, consents to the entry of this Order. Notwithstanding the foregoing, TCI will admit to the findings of fact and conclusions of law solely for the purposes of exceptions to discharge in bankruptcy proceedings under any jurisdiction, including the proceedings set forth in Sections 523 and 1192 of the Bankruptcy Code, 11 U.S.C. §§ 523; 1192 (1978).

NOW, THEREFORE, the Director of the Alabama Securities Commission, hereby enters this Order:

I. FINDINGS OF FACT

1. The Alabama Securities Commission has jurisdiction over this matter pursuant to §§ 8-6-1, et al., *Ala. Code 1975*, also referred to as the Alabama Securities Act (hereinafter referred to as the “Act”).

2. TCI is a Florida corporation that was formed in June 2018 and is in the business of providing online digital asset trading accounts to self-directed retail and institutional investors and traders for the purpose of buying, selling, trading, and holding certain digital assets, which today includes Bitcoin (BTC), Ether (ETH) and USD Coin (USDC).

3. TCI is a subsidiary of TradeStation Group, Inc., which is headquartered in Plantation, Florida. Since 2011, TradeStation Group, Inc. has been a wholly-owned subsidiary of Monex Group, Inc. (“Monex”), a publicly traded Japanese corporation listed on the Tokyo Stock Exchange. TradeStation Group, Inc. is also the parent company of TradeStation Securities, Inc., and TradeStation Technologies, Inc. which also have their principal place of business in Plantation, Florida.

4. TCI is a registered Money Transmitter Licensee with the Alabama Securities Commission.

5. These affiliates, specifically TCI, TradeStation Securities, Inc., and TradeStation Technologies, Inc., all use brand messaging under the “TradeStation” trademark to advertise their respective platforms and services.

The Offer and Sale of Securities in Alabama and Nationwide

6. TCI began offering its digital asset trading accounts on or around November 16, 2019, to Alabama residents. From August 1, 2020, to, on or about June 30, 2022 (the “Offering Period”), TCI offered the Interest Feature to at least 97 investors. Through the Interest Feature, TCI paid interest to customers who held digital asset balances in their TCI digital asset trading accounts. To pay the interest, TCI generated revenue through lending both firm-owned and customer-owned digital assets to institutional borrowers, from commissions earned by TCI customer trading activity in their digital asset trading accounts, and from capital that was contributed to TCI in connection with the start-up of its business operations. On or about June 30, 2022, at the end of the Offering Period, there were 157 active digital asset trading accounts with TCI, collectively valued at over \$185,154.17 USD. Nationally, at the end of the Offering Period, there were a total of 11,958 active digital asset trading accounts with TCI, with assets under custody totaling \$98,214,155.40 USD.

TCI's Interest Feature

7. During the Offering Period, TCI advertised that customers could “actively trade and earn interest on eligible crypto assets simultaneously.” TCI described the Interest Feature as “passive income.” TCI advertised that customers could earn up to 6 percent interest on eligible digital assets that customers held in digital asset trading accounts with TCI. TCI

paid interest on several types of digital assets, including Bitcoin, Ether, Litecoin, Bitcoin Cash, and USDC Stablecoin.

8. TCI offered its digital asset trading accounts to the general public through the TradeStation website (www.TradeStation.com). The website supports TradeStation Securities, Inc., TradeStation Technologies, Inc. and TCI. TCI also offered a mobile version of its web application for trading digital assets.

9. TCI promoted the Interest Feature in internet ads that would appear in search engine results based on certain terms searched by customers. TCI promoted the Interest Feature by advertising, for example: “Automatically Earn Interest on Eligible Crypto Balances with No Limits or Lockups,” “Easily Customize the Trading Interface, Analyze Prices & Keep Track of Interest Income,” “We Put the Power in Your Hands to Buy, Sell, Invest, and Earn Cryptocurrencies,” and “Join the New Digital Economy with TradeStation Crypto to Learn, Invest, and Earn Crypto.”

10. TCI allowed eligible customers to apply for a digital asset trading account by utilizing a unified TradeStation online account opening process (the “AOP”) that allowed prospective customers to select and apply for the desired account type. As part of the AOP, prospective customers provided personal information for the purpose of Know Your Customer (KYC) and Anti Money Laundering (AML) checks. Socure, a third-party identity verification provider, then verified customer-provided information against Socure-sourced information, including public records.

11. TCI set interest rates and credited TCI customer accounts with earned interest on a monthly basis. According to TCI, the interest “accumulates daily and is paid and compounds monthly directly in your TradeStation Crypto account.” TCI based interest rates

on a number of factors, including, but not limited to, the rates TCI earned from borrowers, economic, and competitive factors.

12. TCI commingled customers' like-kind digital assets together and rehypothecated, or used, the customers' digital assets to lend to "trusted institutional or corporate borrowers," such as BlockFi Lending LLC and Genesis Global Capital, LLC—both of which have since filed for bankruptcy protection. TCI represented that notwithstanding, no borrower failed to return all digital assets lent by TCI to them, and none of TCI's customers lost money from the Interest Feature.

13. TCI represented that it implemented various risk mitigation strategies towards its lending activities and that all loans made by it were fully secured. TCI set the amount of crypto assets that it was willing to lend to individual borrowers depending on the borrower's credit profile. TCI further represented that it utilized its "automated risk management system" to "monitor positions 24/7" and maintained a reserve balance to fulfill TCI customer withdrawal demands. Further, TCI claimed to maintain an internal risk committee to evaluate, among other things, credit and market risks that may affect its business. Customer account balances with TCI were not SIPC or FDIC insured.

14. During the account opening process, TCI required customers to agree to the rehypothecation of their digital assets when the customer accepted the TCI Terms, including the Customer Account Agreement, during account set-up. Specifically, TCI required that customers agree that TCI may hold the digital assets in TCI's name, that their digital assets could be commingled with other customers' digital assets, and that TCI could "pledge, repledge, hypothecate, rehypothecate, loan or invest" the digital assets. Further, the agreements provided that TCI was under no obligation to share with its customers any of the interest revenue generated by TCI's lending arrangements.

15. Customer deposits into TCI's digital asset trading accounts during the period when the Interest Feature was offered were passive investments. TCI alone determined how customer assets were deployed; TCI customers had no control over how their assets were invested. TCI required that customers give up certain rights to their assets—specifically, that customers agreed to allow TCI to “pledge, repledge, hypothecate, rehypothecate, loan or invest” digital assets.

16. On or about June 30, 2022, TCI discontinued the Interest Feature and ceased all lending activities of customer assets.

Failure to Comply with Registration Requirements

17. During the Offering Period, TCI's offer and sale of securities in the form of the Interest Feature was not offered or sold pursuant to an exemption or exception from registration.

18. During the Offering Period, TCI offered and sold securities in Alabama that were unregistered or did not meet an exemption for registration as required by § 8-6-4 of the Act.

II. CONCLUSIONS OF LAW

19. The offer and/or sale of the Interest Feature within digital asset trading accounts maintained by customers as described above constitutes the offer and/or sale of a security as defined in § 8-6-2 (8) of the Act. The digital asset trading accounts with the Interest Feature, are securities as defined in § 8-6-2 (10) of the Act.

20. During the Offering Period, TCI's offer and sale of securities in Alabama that were unregistered and not subject to an exemption from registration in violation of § 8-6-4 of the Act.
