

**Alabama Securities Commission reminds filers of NASAA EFD System Outage for website migration  
January 1-5, 2025.**

The **Alabama Securities Commission** (ASC) advises filers to plan ahead who use the North American Securities Administrators Association (NASAA) Electronic Filing Depository (EFD) that the system will be offline and unavailable to all filers and regulators Jan. 1-5. If your filing is due during those dates, ASC advises you to file before 11 p.m. Central Time Dec. 31, 2024 or file using a paper filing.

- The EFD will be updated and migrated to a new website, [nasaefd.org](https://nasaefd.org).
- EFD services will be offline and unavailable to all filers and regulators after 11 p.m. Central Time Dec. 31, 2024, through 6 a.m. Pacific Time Jan. 6, 2025.
- NASAA will migrate all usernames and passwords to the new site. EFD users will not need to update or change their credentials.
- Starting Jan. 6, 2025, EFD support staff can be reached at 1-800-378-5007 (toll-free) or [support@nasaefd.org](mailto:support@nasaefd.org).

More information is available in the NASAA news release: [NASAA announces upcoming changes to the electronic filing depository](#).

If you must make a filing during this timeframe that you would otherwise file through EFD, you may still file using paper filings. If you have questions or concerns, please contact Shana Proctor at 334-242-0240 or email us at [ASC@asc.alabama.gov](mailto:ASC@asc.alabama.gov).
